

Dataset: Daily Average Screen Time (in Hours) by Age Group

Age Group	Social Media	Entertainment	Productivity	Gaming
13–18	3.5	2.0	1.0	2.5
19–25	3.0	2.5	1.5	1.5
26–35	2.5	2.0	2.0	1.0
36–50	2.0	1.5	2.5	0.5
51+	1.0	1.0	2.0	0.3

Graph: Grouped Bar Chart of Screen Time Usage by Age Group

Generating the graph now.

Insights:

- 1. **Younger Users (13–18):** Spend the most time on **social media and gaming**, with over 6 hours combined daily.
- 2. **Adults (26–50):** Shift toward **productivity-related usage**, especially noticeable in the 36–50 group.
- 3. **Older Adults (51+):** Have the lowest screen time across all categories, but maintain relatively high productivity use.
- 4. **Entertainment Use:** Fairly consistent across age groups, peaking in the 19–25 segment.
